

**L** Low Pressure Center in Millibars...typically brings clouds and precipitation

**H** High Pressure Center in Millibars...typically brings fair skies

•• Rain

••• Moderate Rain

•••• Heavy Rain

•• Rain and Drizzle

•• Drizzle

•\* Rain and Snow

\* Flurries

\*\* Snow

\*\*\* Moderate Snow

\*\*\* Heavy Snow

☃ Smoke

**R** Thunderstorms

≡ Fog

≡≡ Dense Fog

≡• Rain and Fog

≡•• Drizzle and Fog

≡•• Rain, Drizzle, & Fog

≡\*\* Snow and Fog

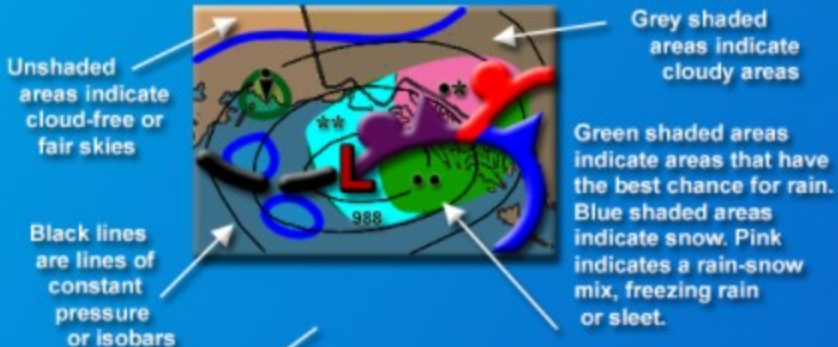

≡\*\* Rain, Snow, & Fog

☃ Freezing Rain

☃ Freezing Drizzle

☃ Blowing Snow

**R** Thunderstorms w/ Hail

**Cold Front**...boundary between approaching cold air and warmer air

**Warm Front**... boundary between approaching warm air and cooler air

**Occluded Front**... cold air over takes warm air or vice versa

▼ Rain Showers

▼\* Snow Showers

▼\* Rain & Snow Showers

▼ Snow or Ice Pellets

**Trough**...boundary of low pressure

**Stationary Front**...boundary between warm and cold air has little or no movement
